

Circular for grade 5

“Science begins with wonder, scientific temperament and rational thinking”

Dear Parents,

We are delighted to inform you that the Middle School is organizing an **Intra-Class Science Exhibition – ‘Anveshanam’** on the occasion of **National Science Day**, to be held on **Friday, 27th February 2026**, during regular school hours.

This exhibition is of great significance as it will provide our students with an opportunity to put into practice what they have learned in the classroom. It encourages additional research, creative thinking, collaboration, and learning from experience. Most importantly, it helps students realize that certain concepts cannot be learned from books alone but require real-life application and exploration.

The event will also help students develop essential skills such as teamwork, presentation, and effective communication. We believe this experience may further ignite scientific curiosity and inspire students when considering their future career paths.

Parents are cordially invited to visit the exhibition and encourage the students by witnessing their innovative projects and presentations.

Class-wise Themes for the Science Exhibition are as follows:

GRADE 5 - SCIENCE EXHIBITION 2026 THEMES	
From "SCIENCE OF LIFE" Towards "SCIENCE & TECHNOLOGY"	
Class & section	Theme
5A	Universe - Birth of the Cosmos to Blue Planet
5B	Evolution - Journey to life - From Blue planet to mankind
5C	Farming the Future - From Soil to Silicon
5D	"Biodiversity: The Web of Life"
5E	"Human Intervention and Patterns in nature"
5F	From Kitchen to Laboratory: Food Science
5G	Modern Science and its future

Venue: Classrooms

Timings for the parents of Grade 5 (ABCD) students: 1st session: 9:00 am to 10:00 am

Break for students: 10:00 am to 10:30 am

Timings for the parents of Grade 5 (EFG) students: 2nd session: 10:30 am to 11:30 am

GUIDELINES FOR PARTICIPATION:

- The students have been assigned one topic based on the theme.
- Either an individual student or two students form a group and participate.
- The topic once selected cannot be changed.
- Care should be taken to use eco-friendly materials in the preparation of exhibits.

Participation certificates will be awarded to the students.

We request you to encourage your ward to participate in the exhibition.

Regards

Team GIS
